DIGEST SHEET

TITLE OF ORDINANCE: SPECIAL

DEPARTMENT REQUESTING ORDINANCE: PURCHASING

S-87-07-05

SYNOPSIS OF ORDINANCE:

An ordinance approving the award of Reference #1292 with respect to the purchase of a Traffic Responsive Signal System per the specifications in that reference, for the Traffic Engineering Department.

Prior Approval is being requested on July 14, 1987, so that the equipment that requires a fabrication and delivery time of eight (8) weeks can be ordered.

EFFECT OF PASSAGE:

The equipment being purchased will allow for the interconnecting of the existing traffic signals along West Jefferson boulevard at Freeman Street, Ardmore Avenue and Illinois Road, and at future signalized locations along Jefferson Boulevard and Illinois Road corridors and will be coordinated for computer control.

EFFECT OF NON-PASSAGE:

The increase in commercial development along the West Jefferson Boulevard and Illinois Road corridor has increased traffic volumes and caused delay and congestion at some intersections. If this mater is not addressed and corrected soon, the traffic congestion will adversely affect conditions for transacting business, will produce accidents, and interfere with the effective operation of the emergency services (Police, Fire, E.M.S.) and reduce enjoyment of many phases of urban life and activities.

MONEY INVOLVED (direct costs, expenditures, savings):

Traffic Signal Company, Inc. $48,190.00 +/-
